Published on FIDEL Soldier of Ideas (<http://www.comandante.biz>)

"Today, Cuba has the most cultured and politically aware population of all the countries in the world. Our people are not fanatics, our people defend ideas. This is not a country of illiterate or semi-illiterate people; it is a country where higher education is being made accessible to the whole population and where courage and patriotism are becoming common traits. Experience and knowledge go hand in hand with its dreams of a society where justice and humanism can prevail".
